

MPower®

Aurora®

clodinafop herbicide

MPower® Aurora® contains the active ingredient “clodinafop” and is available at the market leading price.

- Group 1 mode of action
- Excellent grassy weed control
- Wide window of application
- Tank-mixable for one-shot weed control

Crop

MPower Aurora provides excellent grassy weed control in all types of **wheat** and **durum**.

Weeds

Maximize your crop's protection from:

- Wild Oats (1-6 leaf; before emergence of 4th tiller)
- Green Foxtail/Wild Millet (1-5 leaf; up to emergence of 3rd tiller)
- Barnyard Grass (1-5 leaf)
- Persian Darnel (1-5 leaf)
- Volunteer Canary Seed (1-6 leaf; before emergence of 4th tiller)

Always read the label. Consult your provincial Crop Protection Guide for more information on how to use products containing clodinafop.
